INDEX for **CHANCE[®]** USD CATALOG

An outline of the contents of this catalog is shown on the cover, page 1.

The index can be a help to you in finding detailed product

data and pricing information on several thousand products to help you plan, build, maintain, control and operate your T & D system.

TABLE OF CONTENTS

Contents of Chance Catalog	Cover
Numerical Index by Catalog Number	1-3 thru 1-15
Alphabetical Index by Product Type	1-16 thru 1-20

HOW TO USE THE NUMERICAL INDEX ON THE FOLLOWING PAGES

The items are arranged in alpha-numeric sequence with the letter prefix numbers in alphabetical sequence, beginning with the left character. Catalog numbers, without letter prefixes, are in numeric sequence by the first digit, and then the following digit.

For example: 1
 10
 100
 1000
 11
 110
 etc.

Index will periodically be out-of-order because of page updating. Typically an item that does not appear on the page given in the index will appear elsewhere in the catalog section.
