

ANDERSON™ & FARGO®

We have a completely new Connector Catalog, broken into two bound sections: *Distribution (Green Cover)* and *Transmission & Substation (Red Cover)*. Pages look similar to the previous catalog, but include many changes that make the catalog easier to use. Each section has edge tabs aligned with main content index on page 1 of the catalog.

Check out these new features and product content in the Transmission/Substation Catalog:

Check out these new features in the Distribution Catalog:

- **High-Temperature Suspension & Trunnion clamps** - Pages TB-4, 7
 - **High-Temperature compression deadends & splices** – Pages TA-38-39 & TC-12-13.
 - **JLS series jumper loop splices** for ACSR, AAAC, ACAR and AAC (Replaces previous series A16, B16 and C16) - Page TC-6
 - **JTS and JTF series compression terminals**, straight and fifteen degree angle versions, (Replaces previous series A11, B11, C11, A12, B12 and C12 - Pages TE-1-2)
 - **HDWH-50 series hold-down weight hook bolts**, (Replaces previous series C-16686) - Page TG-38
 - **HTJC-16 High-Temperature, Low Resistance, Joint Compound** - Page TH-2.
- More reference details for Substation & Transmission: Reference section **ST** now includes welding of aluminum buses and connectors, pages **ST-10-11**.
- **Revised and updated catalog indexes** in front of the catalog. Improved organization.
 - **Reference details** – Section **DJ** includes easy access reference information, including torque recommendations, special “add on” product features, numbering codes and conductor specifications
 - **Investigate these new products:**
 - ASOD side-opening clamp – Page **DA-11**
 - GDE Automatic Guy Wire deadend – Pages **DA-7 & DA-8**
 - GR43BS2 rotating ball stud ground clamp – Page **DG-4**
 - Versa Crimp(R) Tools, Accessories & Repair Kits – Pages **DG-6 to DG-25**
 - **Investigate these product updates:**
 - Expanded Splice and Lug products: Sections **DB** and **DF**.
 - Metric Size Copper Automatics – Page **DB-1**.
 - Revised product offering for bi-metal/reducing automatics – Page **DB-5**.
 - Aluminum auto splices, including new range-taking GL401, GL4076A and GL4098 Page **DB-2**.
 - AH7 Taps series with/AL taps- Page **DC-1**
 - VCTL Lugs – Page **DF-10**
 - HLS Compression Stirrups – Page **DC-19 and DF-51**
 - VS and VSG Inhibitor Compounds – Page **DG-26**
 - GUS/GA Transformer Bars – Page **DD-16**
 - GC207LA/LAT – Page **DD-10**
 - AUD Transformer Terminal – Page **DD-14**
 - VF Flag Terminals – Page **DD-15**
 - AXS/BXS Spades – Page **DD-13**
 - LCU750 U-Bolt (AL-CU liner) Connectors – Page **DD-24**
 - LCU700 U-Bolt (AL-Cu) Connectors – Page **DD-23**
