Your total system for substation, distribution and transmission temporary grounding equipment includes a set tester, too

The CHANCE brand leads this field just as it has hot line tools since 1937. Now with a Grounding Set Tester to check your cable sets' integrity. CHANCE clamps, ferrules and cable meet ASTM F 855. Easy-to-order pre-assembled sets or components: Clamps by ASTM Type, Class and Grade. Cable as ASTM Type I (black or yellow) or Type II (clear jacket). Copper or aluminum ferrules, plain or threaded. Options: Support stud, shrink tubing. Stay up-to-date with CHANCE grounds and tester for all your de-energized work.
