Fargo "Speed" Wrenches

Rugged polypropylene handle provides a solid gripping surface and protects against incidental contact.

Easy, one-handed operation provides quick installations of most bolted connectors.

Nine available wrench ends include: box ratchet, reversible ratchet, Penta socket, 90° Penta socket, Allen hex ratchet and eyeloop.

Fargo speed wrenches make installing bolted connections fast and easy. Wrench ends provide a solution for just about any tightening requirement — available ends include box ratchet, reversible ratchet, Penta socket, 90° Penta socket, straight Allen hex, Allen hex ratchet, reversible Allen hex ratchet, reversible 90° Penta socket ratchet or eye loop.

A single GP-223 wrench (9/16 and 3/4 box ratchet) will install the entire line of Fargo GA9000 series vise connectors. Most models are in stock for prompt deliveries.
