

Others make claims . . . the AR delivers

HUBBELL[®] Automation-Ready Switches

The Hubbell AR Switch delivers: It's the most flexible design, has the best electrical performance and is the easiest to install of any distribution class gang-operated switch on the market today.

- Ratings through 38kV
- Continuous and interrupting current of 900 A with no wind loading
- Fault close rating 25kA rms asymmetrical one-time, 20 kA three times
- Ice breaking capability - opening and closing - $\frac{3}{4}$ inch

Here's how the AR Switch meets your needs today and into the future. It delivers a variety of mounting configurations, operating options (down-the-pole control, hook stick control or motor operator) and the opportunity to order it with, or upgrade it to, several distribution automation options.
