

We've expanded our switch offering.

USCO Power Switches join Hubbell Family of Overhead and Padmounted Switches

A unique and popular USCO program is our "Fast Track Expedited Delivery." When unexpected emergency situations arise and tight outage schedules can cause major issues because standard lead times don't meet your needs, look to USCO expedited switch delivery. No red tape. No waiting. Call 205-699-0840 for details or talk to your Hubbell Power territory manager.

For power switches that are backed with a 10 year warranty on all aluminum group-operated switches, make USCO your supplier of first choice. ■

For more information, contact your Hubbell Power Systems representative, fax 573-682-8714 or e-mail hpsliterature@hps.hubbell.com.
