

THE ASSURANCE OF QUAZITE® QUALITY STRENGTH. SECURITY. INNOVATION.

Quazite® is the world's premier manufacturer of underground enclosures. The legacy continues with the introduction of the NEW, deeper version of its line of 30" x 48" enclosures – the 48" deep Quazite® PG3048BA48.

The New PG3048BA48:

- Achieves 48" depth without installing and stacking multiple enclosures
- ANSI/SCTE certified, earning a Tier 22 rating
- Reaches below most frost lines, improving access and performance
- Features the latest EZ Auger™ fastener technology, providing trouble-free installation and longer life
- Provides extended access for utility lines

To learn more about our Quazite® Underground Enclosures, please scan the QR Code below.

PG3048BA48 can be used with the full family of Quazite® Polymer Concrete PG3048 covers.

Hubbell has a policy of continuous product improvement. We reserve the right to change design and specifications without notice.
